SAFETY TIPS FOR PASSING PLOWS AND GRADERS

Please be aware of slow moving graders and snow plows. Our graders and plows use highways to get around the County to keep all of our roads clean and safe.

- Treat graders and plows as slow moving vehicles, and only pass when it is safe to
- Watch for signal lights while on the highway
- When graders and plows are working please stay further back and only pass when it is safe, or when the operator signals for you to do so
- Allow our graders and plows extra room at intersections as they may be backing up or turning around
- Stay behind any dust or snow clouds so that oncoming traffic, and grader and plow operators, can see your vehicle clearly

RECYCLE - GRAIN BAGS, TWINE & PESTICIDE JUGS

Bonanza and Blueberry Transfer Stations continue to accept grain bags for recycling. Grain bags must be rolled tightly with a mechanical grain bag roller and secured with twine. Bonanza and Blueberry Transfer Stations have expanded recycling to include plastic twine. Clean plastic twine must be loosely placed in collection bags and placed in designated area at either transfer site. Bags are available at point of purchase (retailer) or Bonanza and Blueberry Transfer Stations on days the sites are open. Empty, triple rinsed, punctured and bagged pesticide jugs with contents less than 23 litres are also accepted at Woking, Blueberry or Bonanza Transfer Stations and retailers. Bags are available at point of purchase (retailers) or at the participating transfer stations. All empty jugs must be bagged prior to acceptance. Contact Manager of Environmental Services, Darren Lubeck at (780) 864-3760 or email envsvcs@saddlehills.ab.ca to learn more about how to properly prepare your grain bags and twine for recycling and more news about this program.
