

# Residential Security System & High-Speed Internet Grant Application

Saddle Hills County offers a grant to County residents to help offset the cost of the purchase and installation of security systems and/or high-speed internet on their property, as outlined in Policy GB07.

The grant is split into two parts – high-speed internet or residential security system. Eligible residents may apply for one or both parts of the grant.

Each grant is one-time funding per residence, up to a maximum of \$500. Both grants together would provide up to a total maximum funding of \$1,000 per residence.

This grant program applies only to primary residential dwellings located within Saddle Hills County.

Applicants who have already applied for and received funds for a residential security system under this grant, may still be eligible to apply for the high-speed Internet portion of the grant.
